SUBJECT: Supply Division Weekly Report, Period Ending
26 January 1983

D. Word Processors:

Representatives from each of the Supply Division (SD) branches and Central Depot met with a representative from the Office of Data Processing (ODP) to discuss potential requirements for application of the WANG word processors in SD. ODP asked that SD initiate action to identify their potential requirements as the first step in this effort. It was agreed that SD would prepare such a package by 1 February 1983.

E. Customer requisitions:

Statistics for the past few weeks have shown an unusually high number of requisitions received for processing.

Week of 10 January-----785

Week of 17 January-----920

The 330 requisitions received on 19 January appear to be an all-time high for a one-day period. Another unusually heavy day was 10 January when 280 were received. The daily average is 150.

III. Significant Events Anticipated During the Coming Week:

None.
